Dear Ms. Moran:

Re: Real Estate Remediation, LLC -- General Notice Letter for the Goodrich
Asbestos Site in Miami, Ottawa County, Oklahoma

I wrote you on December 21, 2020 requesting a sixty (60) day extension for a response on behalf of Real Estate Remediation, LLC (RER). I am attaching another copy of that letter in the event you did not receive it due to the volume of emails over the Christmas holidays.

I again respectfully request a sixty (60) day extension of time within which RER may respond to the EPA notice. I can assure you that RER wants to cooperate in every way possible and we need this time within which to consult with the necessary persons who are needed in regards to our response. I am sure you are aware, as previously confirmed by me with you, that RER is no longer an operating remediation entity, as the Miami, Oklahoma job proved to be unworkable due to the circumstances beyond the control of RER.

As before, I am sending a copy of this letter to Mr. David Eppler, who you had copied on your letter which was emailed to me.

We appreciate all of your help and assistance on this matter.

Very truly yours,

J. Russell Gibson, III
